assignments

So you can keep tabs:

All assignments are listed in the *allAssignments.docx* file posted on GitHub in the *assignments-finished* directory

Please turn in all your assignments
to the *assignments-finished* directory

Turn in the “state” of your assignments
on the day of class, preferably after noon

evaluating progress

On Friday of this week I will assess whether you are **currently** passing or failing the class

- completion of assignments (correctly working code)
- attendance
- participation on Slack
- pursuit of help with myself or others
- time of assignment start

issues from the floor
